## INCREASED PAY

Voted For Troops on Border by Senate  
—Amendment Allowing Them to  
Vote in the Field in National  
Election Also is Adopted—  
Camps Inspected by  
General Bliss.

Washington, July 26.—Increased pay for officers and men of the regular army and National Guards in active service for the Mexican emergency, improved camp conditions to safeguard their health and authorization for them to vote in the field at the coming presidential election were provided in amendments to the army appropriation bill agreed on today by the Senate.

By a vote of 44 to 13 the Senate also suspended the rule to adopt an amendment changing the age of military enlistment in the regular army from 18 to 21 years without the consent of parents or guardians.

**Must Have Parents' Consent**  
Under the provisions boys under 21 now serving in the army would not be retained in the service unless they filed within 30 days the written consent of their parents or guardians.

The amendment was adopted without a roll call.

Under the amendment for increased pay officers will receive a 10 per cent and enlisted men a 30 per cent increase in pay.

The amendment giving soldiers in the Mexican service authority to vote in the field at the national elections passed without opposition.

**Bliss is Inspecting Camps**

El Paso, Texas, July 26.—Inspections of the camps of the 25,000 guardsmen on station here was begun today by Major General Tasker H. Bliss for the purpose of ascertaining the conditions under which the men are living. He paid particular attention to reports that some of the guardsmen are disgruntled with border duty.

"The spirit of the National Guardsmen along the border is excellent," he said. "While it is hot and dusty sometimes, exaggerated reports have been spread concerning their privations, which are negligible."

General Bliss added that the number of guardsmen who could be sent home, under orders, would still leave an ample number of men under arms to cope with any possible emergency.

**Villa is Reported Located**

Chihuahua, City, Mexico, July 26.—Villa, with about thirty men, is in the Canyon de las Huergas, Durango, according to dispatches from General

Ramos, sent by courier to Mapam and telegraphed to General Trevino today.

**President to Ask For Big Navy Bill**

Washington, July 26.—President Wilson will begin tomorrow a series of conferences with members of the House committee in an effort to secure the acceptance by the House conferees of the big naval bill of the Senate. It is understood he will exercise all his influence to overcome opposition to the big increases.

Secretary Daniels made a visit to the Capitol during the day and was assured that Democratic leaders were prepared to meet any further attempt to delay the measure and would force it into conference tomorrow.

## MISS LUCRETIA RICE

Struck by an Auto While Crossing the  
Street at Second and Market Yes-  
terday Morning About 10:30.

Yesterday morning about 10:30 o'clock, Miss Lucretia Rice, aged about 65, was struck by an automobile driven by Mr. John T. Mackey while crossing the street at Market and Second streets.

Miss Rice had been uptown shopping and was on her way home. While crossing the street at Market at the intersection of Second an auto driven by Mr. Mackey approached from the south. He sounded the horn of the machine and she started back toward the Farmers and Traders Bank. She then made another turn and darted directly in front of the approaching machine. Mr. Mackey tried to turn the machine but was unable to do so before the lady was struck. The front wheels of the machine passed over the legs of the lady but the machine was stopped before the hind wheels had time to pass over her. She was removed to the sidewalk and upon the arrival of a doctor was taken to Hayswood Hospital.

At the Hospital it was learned that no bones were broken although she had a large scalp wound. She was unconscious for some time and it was feared that she had suffered a concussion of the brain. She is reported as somewhat better this morning.

Those who saw the accident said that Mr. Mackey could not be blamed in the least for the accident as he sounded his horn in time to give the lady warning. However, Miss Rice is somewhat hard of hearing and her eyesight is very poor. It is a very regrettable accident but at the same time a very unavoidable one.

## NOTES FROM RUGGLES

What the Campers are Doing At the  
Beautiful and Famous Camp-  
grounds—Religious Ser-  
vices Start Today

Ruggles Campgrounds, July 26th, 1916.—Tomorrow, Thursday the twenty-seventh, another camping week will begin. Since Sunday the cottages have been filled up fast until today the camp is alive with a jolly crowd ready to enjoy camp life for two weeks, also the splendid services that are to be held. The first service will be at 10 a. m. Just who will deliver the "keynote" sermon has not yet been decided but it is likely that the new superintendent, Rev. E. R. Overly, will be the man to start things moving.

Mr. John Brishols brought out one of his finest new pianos today to be used in the musical part of the services. Along with the piano he brought about 200 fans which the campers are very thankful for, and will be still more appreciative if the present hot spell continues.

Rev. J. M. Lital and family and Miss Kate Freye of Greenup, who is to be the pianist arrived today.

Mr. I. M. Lane, president and general manager of the camping, with his wife came out Monday. Mr. Lane is bossing the job of getting the grounds cleaned up and every thing in spick and span order for the opening day.

Misses Grace Morris of Latonia and Myrtle Wicks of Dayton, Ohio, arrived Monday and are pleasantly located at No. 10 Old Kentucky Home.

Hinton & Morris have the hotel going in good shape. They are serving some of the finest old country ham you ever tasted. They promise good eats all the time, including that popular Methodist dish—fried chicken.

Mrs. Thomas W. Toile and daughter, Miss Mable, arrived the first of the week.

Mr. Howard H. Rosser and family, and Mrs. William Rosser moved into camp on Wednesday.

Landy Foxworthy, the popular stable man, is on the job. Foxworthy Bros. have had charge of the stables for years and have given entire satisfaction to every one.

An important event preliminary to the beginning of camping is the arrival of the straw. It is here and those who have had to sleep on boards and hard beds are busy filling ticks for a day or so.

Rev. N. H. Young and wife of Louisa, Ky., Rev. G. N. Jolly, B. D. and William Jones of Ludlow are among the first ministers to arrive.

A bunch of the campers attended a pie supper given at a neighboring church last Saturday night. They report the pie was wonderful creations and the social part just fine.

"Billy" Sons and wife who have so faithfully and efficiently kept things tidy and nice about the grounds and cottages for years, are on the job early. They have the lights and everything looking fine.

Miss Virginia Mae Hurd who is to have charge of the children's service, arrived today and will camp at the Bierbower cottage. Ruggles camping never had a more popular and successful worker with the children and young people than Miss Hurd. All rejoice that she is with us again in that capacity.

Mr. Lane announces that he has two cottages to let. Those desiring same can apply to him at the grounds. While every cottage was taken it most always happens that circumstances prevents some coming at the last minute, hence the chance for some one else to come.

## DISTURBED PEACE

In Police Court yesterday afternoon Police Judge Whitaker fined Dan Thomas and his wife, Myrtle Thomas, \$4.90 and \$6.50 respectively for breach of the peace.

Mr. and Mrs. Thomas reside on January street and during the past few weeks have greatly annoyed their neighbors by loud and incessant talking. On Sunday night together with another man, William Plummer, they again made a very great deal of racket and Plummer was taken to jail. Early yesterday morning according to the testimony of the neighbors they engaged in another wordy war and it is claimed that Mrs. Thomas threw a knife at her daughter. The neighbors made a great protest and she and her husband were brought into court for breach of the peace.

After hearing the evidence Judge Whitaker held both Mr. and Mrs. Thomas under a \$100 bond to keep the peace for six months which they promised to do. Both were fined one dollar and costs amounting to \$4.90 and \$6.50 respectively.

## MAYSVILLE MAN

Gets Deserved Promotion, Being Made  
Track Supervisor of C. & O. Be-  
tween Silver Grove and  
Concord.

Superintendent J. B. Harris of the Cincinnati Division of the C. & O., was a visitor in this city yesterday and with him he brought word of the promotion of James Broshears of this city to the position of track supervisor of that road between Silver Grove and Concord, Ky., to succeed Mr. Mike Reagan.

Mr. Broshears started on the road as section foreman on the section below Maysville about eight years ago and since that time his advance has been rapid in railroad circles. He was moved to Silver Grove last winter where he has been since. Mr. Broshears will have charge of the track between Silver Grove and Concord, Ky., this being a stretch of about seventy miles. He will have charge of laying and ballasting the track and will have charge of all the section crews in his district. He will make his headquarters in Maysville.

Mr. Mike Reagan, Mr. Broshears' predecessor, will be promoted to track supervisor of the terminal, or from Silver Grove to Cincinnati. Mr. Reagan is one of the most popular men along this line and his many friends will regret to see him leave. He has been track supervisor on this district for several years.

The many friends of Mr. Broshears wish him the best of success in his new position and hope that in the future his progress will be more rapid. The change will be effective the first of August.

## HELD TO GRAND JURY

Was John Darnell Charged With  
Grand Larceny—Trial Held Last  
Night at Seven O'Clock.

The trial of John Darnell charged with grand larceny was held in Police Court last evening at 7 o'clock. He was held over to the grand jury and his bond placed at \$500.

Darnell was arrested early Sunday morning by Officer Throckmorton for complicity with George Cummins for stealing a number of garments from a car. Cummins at the time of his trial pled guilty to the charge of grand larceny but said that he did not break the car.

On Monday night, July 17, Darnell was seen going up the stairs leading to Cummins' rooms with two large sacks over his back. Some time later Cummins came down stairs with several night gowns which he offered to his neighbors, refusing them. According to Cummins' story he had asked Darnell to carry up the gowns from the Gable Flat which Darnell did for him. In his testimony he was tripped up several times and his evidence was very weak. He claimed that one of the sacks contained whiskey, three cases and also several bottles of beer.

Judge Whitaker after all the testimony had come in, decided that the case looked very clear to him and held Darnell over to the September term of grand jury.
